Please be advised that the Department of Resources Recycling and Recovery (CalRecycle), acting as the Solid Waste Enforcement Agency (EA) for Stanislaus County, has received and approved a Report of Facility Information (RFI) Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c). This public notice was prepared pursuant to Title 27 CCR 21660.1.

Project Description

Covanta Stanislaus, Inc. is an existing transformation facility operating under a full Solid Waste Facilities Permit issued on November 26, 2001. The application package to amend the RFI requests the following changes: addition of equipment to recycle non-ferrous metal from the ash stream, and updates to site personnel.

The EA finds that the proposed changes are consistent with all applicable certified and/or adopted California Environmental Quality Act (CEQA) documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current Solid Waste Facilities Permit.

For Additional Information

To review a copy of the application and supporting documents, please contact Mr. Coble or Ms. Isaacson.
